

Company Profile

Delta Center Plus part of YK Group General Trading and Contracting Company provides solutions for Communications & networking, Security Surveillance, Electro Mechanical, Fabrication of Port-a-Cabins, supply of Port-a-Cool open air cooling systems and building automation. Our main focus is to provide complete Solutions for Fiber Optic solutions, Satellite Services, IP telephony, Video/Audio broadcasting, switching, Security Surveillance, Data solutions, Electro – Mechanical Utilities & Supplies and Port-a-Cool units.

Our Solutions and services include the following:

- *Communications & Networking solutions*
- *Total smart building solutions*
- *Vehicle Tracking Systems and GPS engines*
- *Electro – Mechanical*
- *Port-a-Cool Air conditioning units*
- *Port-a-Cabin Fabrication*

COMMUNICATIONS & NETWORKING SOLUTIONS

We provide solutions for the designing of networks as well as the implementation of designed networks with the best professional approach. We also provide the services of supplies for many kinds of telecommunication products as well as for a wide range of networking products.

Our Major areas of expertise in this area are as below

IP Series /Switches

- Unmanaged series Fast Ethernet managed series
- Gigabit Ethernet managed series
- Layer 3 / Routing switches
- IP PBX/ VoIP Gateways/ SIP Telephones

Media Converters / Modems

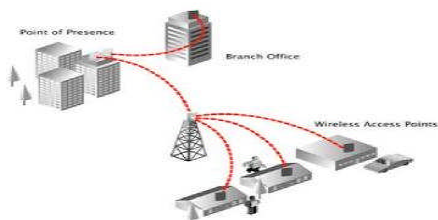

- Rack mount chassis
- Unmanaged 10/100/1000 RS232/RS485 Fiber Converters/Modems
- Ethernet extenders
- Surge protectors

Fiber Optic Products / Solutions

- Voice fiber mux series
- STM1/E3/DS3/T3 fiber mux series
- Video over fiber multiplexer
- Mini SDH systems (<63 E1, V.35, ETH)
- End to End DSL solutions

Satellite Communications Services

- SCPC
- iDirect
- DVB-RCS / DVB / DVB – S2
- Private satellite hub installation and operation
- VSAT Maritime

Interface Converters / Connectors

- Rack mount chassis
- E1/T1 interface converter series
- Serial interface converter series
- Impedance converters (baluns)
- TDMoIP/ VoIP equipment series
- Video baluns
- Connectors: type43/BNC/RJ45

Wireless Products / Solutions

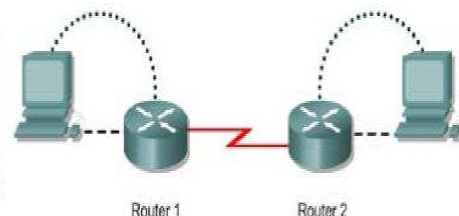

- Enterprise Wi-fi
- Wi-fi Mesh
- Wi-max products
- Wireless LAN Access products

Cabling Products / Solutions

- Voice & Data Category cables
- Telecom blocks and outlets
- Network cabinets
- CCTV cabling systems
- Fire Alarm cables
- Fiber cable and accessories

Telephone / PBX / VOIP / DSL

- PBX solutions for small and medium offices
- Handset supplies
- End to end solution for the telephony solutions

ELECTRO – MECHANICAL

Our Electrical section provides solutions for the electrical requirements of our esteemed clients. These services includes from designing to execution of projects from a single phase scenario to a three phase scenarios in all type of conditions.

Electrical & Power Analysis Test

Instrumentation

- *Multi-meters Digital & Analog*
- *Clamp On Meters Digital & Analog*
- *Earth Leakage Meters*
- *Phase Rotation Meter*
- *3 Phase Power Analyzer*
- *Digital Insulation Tester (250 / 500 / 1000Vdc)*
- *HV Insulation Tester (5kV)*
- *Programmable Insulation Tester to 5000V*
- *Transducer Clamp On for AC and DC Residual Current*
- *Transducer Clamp on with Wave form output*

Electrical

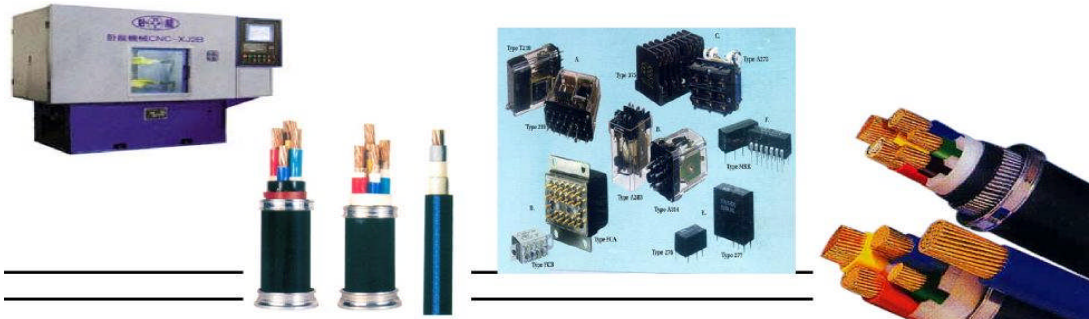

- *Generators*
- *UPS*
- *Safety products*
- *Lead Acid Batteries, Ni-Cad Batteries for Industrial & Automobile application*
- *Electrical Boilers*
- *Miniature Circuit Breakers & Distribution Boards*
- *Junction Boxes*

Mechanical Supply

- *Air Compressors*
- *Submersible Pumps*
- *Valves Gate, Ball, Butterfly, Globe, Check, Air & Control etc.*
- *Y-Strainer*
- *Ductile Iron Pipes & Pipe Fittings*
- *Sanitary Fittings*
- *Gaskets and Seals for Pipeline Construction & Engineering – Flange*
- *Gaskets, Profile Gaskets, Wedge Ring*
- *Workshop Garage Tools & Equipments*
- *Welding Materials & Safety Items*
- *Heavy Duty Cleaning Equipments*
- *Rubber Anti-Vibration mats, Speed Bumps, Parking Curbs, Corner Guards and other NR, NBR, SBR, CR Rubber, Silicon Rubber, EPDM,*
- *Compression & Molded parts, Injected Thermoplastic Rubber Products*

Detectors & Locators

- *Underground Cable & Pipe Locator*
- *Underground Metallic Utilities Rout Tracer*
- *Underground Cable Fault Locator*
- *Gas Detectors*
- *Smoke Detectors*
- *Wire Tracer- behind walls, ferroconcrete and underground cable.*

PORT-A-COOL UNITS

In an environment like Kuwait there is a great need for a cooling system special when people are working in open environments where traditional cooling systems does not more efficiently so we office US Based Port-A-Cool Units for the use in such conditions. These are heavy duty cooling units in different sizes to cater the needs of the clients

Models Available

Size	Cooling Power
16 inch models	900 s. f
16 inch with tank	1000 s. f
24 inch models	1800 s. f
36 inch models	2650 s. f
48 inch models	4000 s. f

Fax: +965 (2) 2465220 4

Features

- Centrifugal Air delivery
- Three Speed
- Heavy Duty
- Variable Speed
- Pneumatic

PORT-A-CABIN FABRICATION

We provide fabrication of the PortaCabins for the site offices and remote movable offices the fabrication services are done on site or pre fabricated portacabins can also be provided on request.

Furthermore we provide fully prepared portacabins as well or we can fabricate site offices at the client's location with the full electromechanical and other basic installations. In short a single hand will provide you the complete fabricated site office and fabricated cabins as required by our esteemed clients.
